The first time Sarah Hage played in a tennis tournament she was 8 years old and in her mother, Amale's, home country of Lebanon for a family visit.

Covers anatomy, breathing, clothing, digestion, emotions, hair, hearing, muscles, seeing, sickness, sleep, sports, tasting, touching, and voice

Describes what people do in different jobs, such as pilots, athletes, and hairdressers; what different places look like, from factories, to schools, to theaters; and how things are made, including cars, clay pots, and buildings. Suggested level: junior.

A classic tale by Newbery Medalist Kate DiCamillo, America's beloved storyteller. One summer ' s day, ten-year-old India Opal Buloni goes down to the local supermarket for some groceries – and comes home with a dog. But Winn-Dixie is no ordinary dog. It ' s because of Winn-Dixie that Opal begins to make friends. And it ' s because of Winn-Dixie that she finally dares to ask her father about her mother, who left when Opal was three. In fact, as Opal admits, just about everything that happens that summer is because of Winn-Dixie. Featuring a new cover illustration by E. B. Lewis and an excerpt of Kate DiCamillo's newest novel, Raymie Nightingale.

Revision of the author's thesis (Ph. D.)--University of Western Sydney, 2009.

Pig the Pug celebrates Halloween in this picture book from #1 New York Times bestselling author-illustrator Aaron Blabey. Pig was a pug and I'm sorry to say, on Halloween night he'd get carried away... Pig, the world's greediest pug, is on the rampage for TREATS! TREATS! TREATS! But don't even think about being stingy with the goodies, because this candy-fueled glutton has some terrible tricks up his sleeve... Rich with author-illustrator Aaron Blabey's signature rhyming text and unforgettable illustrations, Pig the Monster is a laugh-out-loud story that follows the eight previous books in the series (Pig the Pug, Pig the Winner, Pig the Elf, Pig the Star, Pig the Fibber, Pig the Stinker, Pig the Tourist, and Pig the Slob).

A lyrical, heart-lifting love letter to black and brown children everywhere: reminding them how much they matter, that they have always mattered, and they always will, from powerhouse rising star author Tami Charles and esteemed, award-winning illustrator Bryan Collier.

Descartes ' s concern with the proper method of belief formation is evident in the titles of his works—e.g., The Search after Truth, The Rules for the Direction of the Mind and The Discourse on Method of rightly conducting one ' s reason and seeking the truth in the sciences. It is most apparent, however, in his famous discussions, both in the Meditations and in the Principles, of one particularly noteworthy source of our doxastic errors—namely, the misuse of one ' s will. What is not widely recognized, let alone appreciated and understood, is the relationship between his concern with belief formation and his concern with virtue. In fact, few seem to realize that Descartes regards doxastic errors as moral errors and as sins both because such errors are intrinsically vicious and because they entail notably deleterious social consequences. Reforming the Art of Living seeks to rectify this rather common oversight in two ways. First, it aims to elucidate the nature of Descartes ' s account of virtuous belief formation. Second, it aims both (i) to illuminate the social significance of Descartes ' s philosophical program as it relates to the understanding and practice not of science, but of religion and (ii) to develop a kind of Leibnizian critique of this aspect of his program. More specifically, it aims to show that Descartes ' s project is " dangerous, " insofar as it is subversive not only of traditional Christianity but also of other traditional forms of religion, both in theory and in practice.
