Accounting Information Systems 2e covers the four roles for accountants with respect to information technology: users of technology and information systems, managers of users of technology, designers of information systems, and evaluators of information systems. Accountants must understand the organization and how organizational processes generate information important to management. The focus of Accounting Information Systems, 2/e is on the accountant's role as business analyst in solving business problems by database modeling, database design, and business process modeling. Unlike other texts that provide a broad survey of AIS related topics, this text concentrates on developing practical, real-world business analysis skills. Whether you are developing a new course for AIS or incorporating AIS materials into your existing curriculum, Accounting Information Systems, 2/e will help prepare your students for their future careers.

Learn more about how health nutrition experts can help you make the correct food choices for a healthy lifestyle The eighth edition of the Dietary Guidelines is designed for professionals to help all individuals, ages 2 years-old and above, and their families to consume a healthy, nutritionally adequate diet. The 2015-2020 edition provides five overarching Guidelines that encourage: healthy eating patterns recognize that individuals will need to make shifts in their food and beverage choices to achieve a healthy pattern acknowledge that all segments of our society have a role to play in supporting healthy choices provides a healthy framework in which individuals can enjoy foods that meet their personal, cultural and traditional preferences within their food budget This guidance can help you choose a healthy diet and focus on preventing the diet-related chronic diseases that continue to impact American populations. It is also intended to help you to improve and maintain overall health for disease prevention. **NOTE: This printed edition contains a minor typographical error within the Appendix. The Errata Sheet describing the errors can be found by clicking here. This same errata sheet can be used for the digital formats of this product available for free. Health professionals, including physicians, nutritionists, dietary counselors, nurses, hospitality meal planners, health policymakers, and beneficiaries of the USDA National School Lunch and School Breakfast program and their administrators may find these guidelines most useful. American consumers can also use this information to help make healthy food choices for themselves and their families.
