Focuses on the New Testament to present Jesus as a spiritual figure and literary character with ties that span from the creation to the end of time.

I hope that this book will inspire you to act. To make that move. To fulfill your vision. I want to take you closer to your goal, whether that be starting a billion-dollar unicorn, building a revolution, or just helping you better understand that change of any kind starts with you. You can be the Startup Hero.Startup Heroes are the ones

that drive progress, and whether you bring us to another planet or make your neighborhood a nicer, happier place, you can become a Startup Hero. This book is the first step. It helps you take that first step. The step will be different for everyone. It might be to call that customer. It might be to draw up a design concept. It might be to talk to your boss. With this book, I hope to guide people to think big, drive change and go full speed ahead. I am giving them a pledge to do their work for good, and I am giving them some of the tools they need to accomplish their goals. This book is hard. It takes you through a variety of activities, questions, stories and challenges (even puzzles and poems) working both the right and left side of your brain and all the parts in between. The activities I propose are challenging and sometimes even embarrassing. The questions I ask are probing and provoking. The stories I tell are used as examples to guide you toward what I call Startup Heroism. So, why would you read this book? Well, I have worked for 30 years for entrepreneurs. I have supported, funded and coached Startup Heroes all my working life. And I have tested the concepts of this book on the students at Draper University and they have come out to be some of the most interesting, dynamic, and motivated people the world has ever seen. In fact, we have had about 1000 students from over 60 different countries come through the program at this writing, and

they have started more than 300 companies! I wrote this book so that some of the thinking that I applied to Draper University could be spread wider, in hopes that these messages would reach other potential Startup Heroes (maybe you) who might make an impact on the world, be proactive about their work, or at the very least, improve their lives. So, I implore you. Read this book, try this book, do this book, play this book, absorb this book, experience this book. It might surprise you. It might thrill you. It might drive you. It might kill you. At the very least, I hope it will give you a perspective on how real progress is made, and at the very best, it might just change your life.

In *Christ and the Decree*, one of the foremost scholars of Calvinism today expounds the doctrines of Christ and predestination as they were developed by Calvin, Bullinger, Musculus, Vermigli, Beza, Ursinus, Zanchi, Polanus, and Perkins. Muller analyzes the relationship of these two doctrines to each other and to the soteriological structure of the system. Back by demand, this seminal work on the relationship between Calvin and the Calvinists is once again available with a new contextualizing preface by the author. It offers a succinct introduction to the early development of Calvinism/Reformation thought.

Depending on whom you ask, the term Christian counseling can mean anything from secular psychology practiced by a Christian to biblical counseling that completely shuns psychological insights. Christ-Centered Therapy thoroughly integrates psychology and practical theology. A book written by experts from both fields, it utilizes the contributions of science in an uncompromisingly biblical framework. Here at last is a powerful resource to help you—pastor, counselor, or spiritual advisor—understand the complex problems of people and address them with the wisdom of God’s Word and the power of his Spirit. Insightful and practical, Christ-Centered Therapy unites the wisdom and expertise of pastoral theologian and best-selling author Dr. Neil Anderson and professional Christian counselors Dr. Terry and Julianne Zuehlke. The first part of the book equips you with an understanding of the different issues involved in integrating theology and psychology. The second part helps you turn theory into practical application. You’ll also find appendixes that offer personal testimonies, provide professional forms, discuss the role of psychiatry in managed care, and present the Steps to Freedom in Christ.

THE LONE STAR SOCIAL CLUB A CHRISTMAS PROPOSAL... Mitch Ryan knew

Phoebe Smith and her orphaned niece and nephew needed a home for the holidays. So the rich executive played Santa and offered Phoebe an apartment...in exchange for temporary secretarial services. The only catch: the apartment came fully furnished—with Mitch. Phoebe had to take the apartment, Mitch included. But on one condition: No fooling around! Which seemed fine with confirmed bachelor Mitch—he was only interested in short-term arrangements. Still, Phoebe never figured she'd fall for her irresistible roommate. And did she dare hope that Mitch would allow Phoebe and company to set up camp permanently—in his heart? You may walk in alone...but you won't leave that way!

Dr. Lucy Tremayne's title is about to change from doctor to mother! She knows she must tell Ben Carter he's going to be a daddy by Christmas, but she's running out of time...and stalling. She also realizes that when her secret gets out, it will destroy her father. As head of E.R. at St. Piran's Hospital, Dr. Ben Carter hasn't seen Lucy since that wonderful, perfect night they shared together. He's been warned to stay away, but now, as he arrives in the picturesque Cornish village of Penhally Bay, he is determined to fight for the woman he loves and their baby!

the town of Hope's Crossing. No one has ever felt sorry for Genevieve Beaumont. After all, she has everything money can buy. That is, until she discovers her fiancé has been two-timing her and she's left with two choices: marry the philanderer to please her controlling father or be disinherited and find a means to support herself. Genevieve's salvation appears in the most unlikely of prospects: Dylan Caine, a sexy, wounded war vet whose life is as messy as hers. Dylan's struggling to adjust after his time in Afghanistan, and the last thing he needs is a spoiled socialite learning about the real world for the first time. True, she may have unexpected depths and beauty to match. But he knows he could never be the man she needs...and she knows he could never be the man she thinks she wants. So why are they each hoping that a Christmas miracle willl prove them both wrong?

Christy looks forward to growing closer to Todd, but her friendship with Katie is on the rocks, threatening the year she was certain would be A Time to Cherish. With Sweet Dreams comes the start of a romantic summer. She'd be entirely swept off her feet if it wasn't for the most difficult decision she's ever had to make. And in A Promise Is Forever, Christy discovers foreign adventure is just her cup of tea. Follow Christy Miller as she stays true to her identity in Christ, drawing closer to God for help in realizing her dreams and dealing with her disappointments. Whether you're meeting her for the first time or have known her for years— Christy Is a Forever Friend A Time to Cherish For Labor Day weekend, Christy Miller is on a houseboat at Lake Shasta. What could be better? She's about to find out! Before they know it, both Christy and her best friend, Katie, are receiving some unexpected male attention. But somehow these best friends are at odds just when they should be having the most fun together. Christy soon realizes that sometimes you have to stand back and let people make their own decisions, even when they're headed for a fall. And although life is never perfect, this is definitely a time to cherish. Sweet Dreams Christy Miller's senior year is delicious, especially the time she spends with Todd. But her best friend, Katie, is struggling—she's realized she needs to break up with Michael. It's not easy! Fortunately both Doug and Disneyland help Katie to cheer

up. Christy is learning to let go and get out of the way so that her friends can become who they're meant to be...even when it jeopardizes her own sweet dreams. A Promise Is Forever Christy Miller's going to Europe! It's a three-week missions trip with Doug, Katie, and Tracy. First stop: London for some sightseeing, and then a castle in the English countryside for group training. Christy is so excited to be headed for Belfast with her friends—despite some tension among them. But when plans go topsy-turvy at the last minute, Christy must face her fears and realize that some things are more important than her own comfort...and that even when she can't foresee the end result, a promise truly is forever. Story Behind the Book “The Christy Miller series was actually born when a group of thirteen-year-olds challenged me to write a novel. I'd been questioning the content of their favorite books when they said, 'Why don't you write a book for us?' I told them no, I only wrote picture books. But they persisted: 'How hard could it be? We'll even tell you what to write! We want a love story with teenagers at the beach.' And there you go. Summer Promise first released seventeen years ago and is now translated into five languages. I continue to hear from readers all over the world, many girls saying that they gave their life to Christ after reading Summer Promise . I love that!” –Robin Jones Gunn

In this re-examination of the roots of the relationship between religion and science, David Hawkin focuses on the concept of autonomy as he explores the question: Is there continuity and compatibility between the autonomy that underlies Christian faith and the role of individual freedom in the technological age? What makes this work particularly valuable is Professor Hawkin's review of the theological, philosophical, political, psychological, and sociological works that have formed our ideas of the nature of both Christianity and modernity – Reimarus, Strauss, Schweitzer, and Bultmann on the quest for the historical Jesus; Bauer and Turner on Christian faith and practice; Machiavelli, Nietzsche, Darwin, Freud, and Marx on our historicity; Gogarten, Cox, and Bonhoeffer who affirm our autonomy in the technological process; Ellul and George who deny it.
