A Companion to Ancient Egyptian Art presents a comprehensive collection of original essays exploring key concepts, critical discourses, and theories that shape the discipline of ancient Egyptian art. • Winner of the 2016 PROSE Award for Single Volume Reference in the Humanities & Social Sciences • Features contributions from top scholars in their respective fields of expertise relating to ancient Egyptian art • Provides overviews of past and present scholarship and suggests new avenues to stimulate debate and allow for critical readings of individual art works • Explores themes and topics such as methodological approaches, transmission of Egyptian art and its connections with other cultures, ancient reception, technology and interpretation, • Provides a comprehensive synthesis on a discipline that has diversified to the extent that it now incorporates subjects ranging from gender theory to ' X-ray fluorescence ' and ' image-based interpretations systems '

A collection of essays based on the latest historical research and archeological discoveries surveys the culture and religion of ancient Egypt.

Thousands of years ago, the ancient Egyptians established a civilization that continue to fascinate people today. This A-Z encyclopedia provides information about the most important people, places, and practices of ancient Egypt, as well as about ancient Egyptian historical periods, religious beliefs, art, architecture, and concepts related to the Egyptian worldview. In addition, the encyclopedia talks about the Egyptologists and archaeologists who helped advance modern knowledge about this ancient culture. Provides numerous entries covering the world of ancient Egypt.

The second edition of the Historical Dictionary of Ancient Egypt expands upon the information presented in the first with a chronology, an introductory essay, appendixes, a bibliography, and hundreds of cross-referenced dictionary entries on Egyptian rulers, bureaucrats, and commoners whose records have survived, as well as ancient society, religion, and gods.

Andreu describes the Egyptians as they spend a day in the marshes with family and friends. They glide on light skiffs through the papyrus plants, stopping occasionally to marvel at the marsh creatures: frogs, butterflies, kingfishers, ibises, herons, lapwings, weasels, and mongooses. Because the marshes also shelter crocodiles and hippopotamuses, the day is not without its perils.

A generously illustrated collection of John Baines's influential writings on the role of writing and the importance of visual culture in ancient Egypt. Investigation of these key topics in a comparative study of early civilizations is pursued through a number of case studies, and characterized by a radically interdisciplinary approach.

complete bibliography used during the research. Jane Akshar is a resident of Luxor, Egypt. A lover of Egyptology since early childhood she moved to Egypt in 2003 and runs tourist apartments. Six Essays was written whilst completing the 4 year Manchester University online course. It covers Pyramids, Egyptian Art and the Tomb, Hatshepsut the Queen that became a King, Temples, Sea Peoples and other foreign invaders, Decline of the Egyptian Empire, Saïtes, Egyptian culture. Each essay has its own bibliography and these are a great background read for your Egyptian Holiday or Nile Cruise.

Explores the variety of arts produced in Egypt over a span of 3,500 years. Examining the stories behind these objects and buildings, Riggs looks not only at what they can tell us about ancient Egyptian life, but also how their legacy continues to shape the contemporary world.

Authoritative and up-to-date, this key single-volume work is a thematic exploration of ancient Egyptian civilization and culture as it was expressed down the centuries. Including topics rarely covered elsewhere as well as new perspectives, this work comprises thirty-two original chapters written by international experts. Each chapter gives an overview of its topic, and also covers the latest research in the area. Chapters are divided thematically into seven sections, to enable a broader understanding of all the complexities of ancient Egyptian society without the constriction of chronological divisions, and illustrated with previously unpublished photographs and drawings. Providing fresh perspectives on this ancient culture, a digest of current research trends in Egyptology as well as a unique examination of the Egyptian world, this fascinating title enables students to gain a clear understanding of ancient Egyptian society.
