Globalizing Women: Transnational Feminist Networks ...

A transnational feminist network is a network of women ' s groups who work together for women ' s rights at both a national and transnational level. They emerged in the mid 1980s as a response to structural adjustment and neoliberal policies, guided by ideas categorized as global feminism. TNF's are composed of representatives from a variety of NGO's from around the globe. These representatives then come together at conferences, such as the United Nations World Conference on Women and The ...
