## Inference Making Inferences

Reading Between The  
Making inferences is a  
comprehension strategy used by  
proficient readers to “read  
between the lines,” make  
connections, and draw  
conclusions about the text’s  
meaning and purpose. You  
already make inferences all of the  
time.

### Making Inferences | Developmental Reading

The technical term for this is  
inference, although it is also  
referred to as 'reading between  
the lines'. This is where you will  
need to look for what is  
suggested, rather than just what  
is being...

Inference - Understanding and  
inference - National 5 ...

Inference is when you read between the lines and look for clues in a story. Find out more in this Bitesize Primary KS2 English guide.

What is inference? - BBC Bitesize  
Inference can be defined as the process of drawing of a conclusion based on the available evidence plus previous knowledge and experience. In teacher-speak, inference questions are the types of questions that involve reading between the lines. Students are required to make an educated guess, as the answer will not be stated explicitly. Students must use clues from the text, coupled with their own experiences, to

Students are asked to do two things: answer questions where the solutions can only be provided by making logical inferences, and explain how they got their answers. Having students explain their answers helps to slow them down and cause them think about what they are doing, and open-ended questions make it easier for the teacher to identify ...

Inferences Worksheets | Ereading Worksheets

Making Inferences Inferences also rely on facts in a situation.

Instead of drawing a conclusion, inferences use facts to determine other facts. You make inferences by examining the facts of a given situation and determining what

# Online Library Making Inferences Reading

Those facts suggest about the situation.

## What Is the Difference Between Inference and Drawing ...

Often, inferring is introduced to students by using familiar symbols, activities, and environments from which they automatically draw inferences or make predictions (an inference about the future). For example, suppose you are about to begin a unit on the Great Depression.
