The Man Who Loved Children is a 1940 novel by Australian writer Christina Stead. It was not until a reissue edition in 1965, with an introduction by poet Randall Jarrell, that it found widespread critical acclaim and popularity. Time magazine included the novel in its TIME 100 Best English-language Novels from 1923 to 2005.

The Man Who Loved Children - Wikipedia

The man who loved children could have killed all of his children, his half-witted sister, his irritating wife and himself in the first chapter and saved me lot of boredom. I can sort of see why some might like the novel; I did not. I thought it was boring. REALLY boring. You would think a novel about spouses who hate each other, the wife always threatening suicide, various other small homespun ...

“This crazy, gorgeous family novel” written at the end of the Great Depression “is one of the great literary achievements of the twentieth century” (Jonathan Franzen, The New York Times). First published in 1940, The Man Who Loved Children was rediscovered in 1965 thanks to the poet Randall Jarrell’s eloquent introduction (included in this ebook edition), which compares Christina Stead to Leo Tolstoy. Today, it stands as a masterpiece of dysfunctional family life. In a country crippled by the Great Depression, Sam and Henny Pollit have too much—too much contempt for one another, too many children, too much strain under endless obligation. Flush with ego and chilling charisma, Sam torments and manipulates his children in an esoteric world of his own imagining. Henny looks on desperately, all too aware of the madness at the root of her husband’s behavior. And Louie, the damaged, precocious adolescent girl at the center of their clashes, is the “ugly duckling” whose struggle will transfix contemporary readers. Named one of the best novels of the twentieth century by Newsweek, Stead’s semiautobiographical work reads like a Depression-era The Glass Castle. In the New York Times, Jonathan Franzen wrote of this classic, “I carry it in my head the way I carry childhood memories; the scenes are of such precise horror and comedy that I feel I didn’t read the book so much as live it.”

The Man Who Loved Children is Christina Stead’s masterpiece about family life. Set in Washington during the 1930s, Sam and Henny Pollit are a warring husband and wife. Their tempestuous marriage, aggravated by too little money, lies at the centre of Stead’s satirical and brilliantly observed novel about the relations between husbands and wives, and parents and children. Sam, a scientist, uses words as weapons of attack and control on his children and is prone to illusions of power and influence that fail to extend beyond his family. His wife Henny, who hails from a wealthy Baltimore family, is disastrously impractical and enmeshed in her own fantasies of romance and vengeance. Much of the care of their six children is left to Louisa, Sam’s 14-year-old daughter from his first marriage. Within this psychological battleground, Louisa must attempt to make a life of her own. First published in 1940, The Man Who Loved Children was hailed for its satiric energy. Now its originality is again lauded by novelist, Jonathan Franzen, in his illuminating new introduction.

A brief biography of the Irish saint who was known for his love of books and his missionary work throughout Scotland.

Delrita likes being invisible. If no one notices her, then no one will notice her uncle Punky either. Punky is a grown man with a child's mind. Delrita loves him dearly and can't stand people making fun of his Down's syndrome. But when tragedy strikes, Delrita's quiet life—and Punky's—are disrupted forever. Can she finally learn to trust others, for her own sake and Punky's? This story captures the joy and sorrow that come when we open our hearts to love.

From Paris to London to wartime New York, a young woman comes of age—and comes apart—in this witty novel by the author of The Man Who Loved Children. When Letty Fox first arrives in Manhattan, her goal is to escape her chaotic upbringing in London and Paris and the cynicism of her family, and create a fresh new start. This will be the existence she dreamed of—flitting from affair to affair, debating social issues over martinis, and finishing that novel about Robespierre that will make her envied by all the right people. Yet, Letty is at odds with both the city and herself: sexually adventurous yet fidgety for lasting romance, radically independent yet conservative, as likely to be betrayed by friends as she is to betray. And when Letty runs through the streets of Greenwich Village, it’s as much to unleash her glorious appetite for life as it is to suppress the “black moods” that always threaten to derail it. “No wonder [Christina Stead’s] work has reminded many of Tolstoy, Ibsen, Joyce,” said the New York Times Book Review. When this poisonously funny satire of the American bourgeoisie was first published in 1947, it was banned in the author’s native Australia, and met with alarm by stateside critics for its moral ambiguity. Ahead of its time with its vibrant and furious heroine, it is destined for rediscovery. From an author Saul Bellow called “really marvelous,” Letty Fox is a “merciless, cruel, and magnificently unforgiving” comedy of manners (Angela Carter, London Review of Books).

As her son grows up from little boy to adult man, a mother secretly rocks him each night as he sleeps.

'In the harbour city's steamy, fecund heat, the air is thick with thwarted longing, the people on the tram smell like foxes, and the girls with their glossy hair talk of hope chests and fight down the dread of being left on the shelf.' from the Introduction by Drusilla Modjeska Superbly evoking life in Sydney and London in the 1930s. For Love Alone is the story of the intelligent and determined Teresa Hawkins, who believes in passionate love and yearns to experience it. She focuses her energy on Jonathan Crow, an unlikeable and arrogant man whom she follows to London after four long years of working in a factory and living at home with her loveless family. Reunited with Crow in London, she begins to realise that perhaps he is not as worthy of her affections as originally thought.

A picture book biography of American philanthropist Andrew Carnegie

In the tradition of The Orchid Thief, a compelling narrative set within the strange and genteel world of rare-book collecting: the true story of an infamous book thief, his victims, and the man determined to catch him. Rare-book theft is even more widespread than fine-art theft. Most thieves, of course, steal for profit. John Charles Gilkey steals purely for the love of books. In an attempt to understand him better, journalist Allison Hoover Bartlett plunged herself into the world of book lust and discovered just how dangerous it can be. John Gilkey is an obsessed, unrepentant book thief who has stolen hundreds of thousands of dollars worth of rare books from book fairs, stores, and libraries around the country. Ken Sanders is the self-appointed “bibliodick” (book dealer with a penchant for detective work) driven to catch him. Bartlett befriended both outlandish characters and found herself caught in the middle of efforts to recover hidden treasure. With a mixture of suspense, insight, and humor, she has woven this entertaining cat-and-mouse chase into a narrative that not only reveals exactly how Gilkey pulled off his dirtiest crimes, where he stashed the loot, and how Sanders ultimately caught him but also explores the romance of books, the lure to collect them, and the temptation to steal them. Immersing the reader in a rich, wide world of literary obsession, Bartlett looks at the history of book passion, collection, and theft through the ages, to examine the craving that makes some people willing to stop at nothing to possess the books they love.
